

A 15x15 grid of squares. In the center, the equation $5 - 4 = 1$ is written in a large, bold, white font with a blue outline. The equation is positioned such that the '5' spans two columns, the '-' is in the third column, the '4' spans two columns, the '=' is in the seventh column, and the '1' is in the eighth column.

$$5 - 4 = 1$$
